**RE: Local Implementation Groups (LIG)**

«GreetingLine»

This letter is about getting your voice is heard.

How can views of people with a learning disability and/or autism spectrum disorder and their carers (Mums, Dads, Sisters, whoever...) be best represented?

Decisions taken by people in Government, the NHS, and local Council affects you.

Local Implementation Groups (LIGs) were designed to ensure you were part of these and other important decisions.

For over 3 years now the LIG hasn't been happening in Badenoch & Strathspey.

**There is an Inverness meeting on 26<sup>th</sup> April to consider this:**

- What LIGs (in Badenoch and throughout Highland) have been doing.
- How best to get your views represented.
- What the purpose of LIG should be.

Please let me know if you want to go to this meeting by tearing off the RSVP below and returning to me or by phoning me (01540 698 002 or 075 253 244 50)

Brad Carroll
